STATE MEDICAL SOCIETY.

We learn with much pleasure that this large and influential association of medical gentlemen, had a most harmonious and interesting meeting at Salisbury on the 12th of this month. The meeting was well attended, quite spirited, and continued its sessions for three consecutive days. It adjourned to meet in the city of Wilmington on the 4th Wednesday in May 1870.—Never were the Society more cordially received, never were they treated with more generous hospitality, than did the medical profession, and kind hearted citizens of Salisbury, receive and treat this most devoted, enterprising and useful body of Physicians and Surgeons of North Carolina. We print in another column the warm-hearted welcome extended to the Society by Dr. Whitehead, on behalf of the profession and citizens of that town, and direct attention to the passing tribute which he so appropriately pays to the lamented Dr. Dickson, of this city, who was one of the noblest and most accomplished practioners in this whole country.

Over fifty members attended, and numerous accessions were made. Oral and written communications of a most practical and useful character were made on medical subjects, and the meeting has given a new impetus to the cause of medical science, and to the improvement of the medical profession. When the proceedings are published, they will make a respectable volume in size, and in character will be such as to induce every true North Carolinian to feel a just pride in the talent, ability and skill of the medical profession of the old North State. These annual medical meetings are potential for good, do injustice to no one, and do much to counteract that apathy and want of fraternal feeling in the medical profession that prevails more than ever since the war.

Numerous pathological specimens of much interest were presented, and the interesting remarks and discussions made thereupon, as well as upon the character and treatment of medical and surgical diseases. Dr. J. W. Jones, of Tarboro', presented specimens in this respect of much value. Reports were made by Dr. S. Foote, of Warren, Shaffner, of Salem, Payne, of Cabarrus, O'Hagan, of Pitt, Satchwell, of New Hanover, Jones, of Edgecombe, Hapgood, of Burke, and others, on the Topography and Diseases of their respective county, and referred to the Committee on Publication. The annual address was delivered by Dr. R. H. Winborne, of Chowan county, before a large and appreciative audience and the Society, and was an able and interesting production on the duties of the Physician, the progess of medical science, and the benefits of the State Medical Board of Examiners and of the State Medical Society. It was well received and ordered to be published with the proceedings.

The following officers which we have heretofore given, were elected for the ensuing year:

FOR PRESIDENT.

Dr. Charles J. O'Hagan, Pitt county.

VICE PRESIDENTS.

Dr. E. A. Anderson, Wilmington.
Dr. F. N. Lucky, Rowan county.
Dr. W. R. Sharpe, Davie county.
Dr. R. L. Payne, Lexington.

ORATOR.

Dr. C. T. Murphy, Sampson county,

SECRETARY.

Dr. Thomas F. Wood, Wilmington.

TREASURER.

Dr. J. W. Jones, Tarboro'.

EXECUTIVE COMMITTEE.

Dr. S. S. Satchwell, New Hanover co.
Dr. Charles E. Johnson, Raleigh.
Dr. J. J. Summerell, Salisbury.

DELEGATES TO THE NEXT MEETING OF THE AMERICAN MEDICAL ASSOCIATION.

Drs. Charles E. Johnson, W. H. McKee, Will. George Thomas, George A. Foote, J. W. Jones, E. Burke Haywood, H. W. Faison, Walter Dubnam, W. A. B. Norcom, Hugh Kelly, F. J. Haywood, Jr., F. M. Henderson, D. T. Taylor.

HONORARY MEMBERS.

Dr. William C. Warren, Lynchburg, Va.

Dr. E. Burke Haywood, the President, on vacating the chair to his successor, delivered a very fine and appropriate address on the Relations of the Physician to the Public and to the Law. He was thanked, as was also Dr. Winborne, and requested to hand over the address for publication with the proceedings. An intimation was made that Dr. Charles E. Johnson, of Raleigh, had written two medical works recently, the one on Insanity and the other on Diet and Dyspepsia. The Society expressed gratification at this information, and requested Dr. Johnson to publish the same as practicable. He promised to do so, especially to issue at an early day his volume on Insanity, and he will dedicate the same to the State Medical Society.

The subject of the State Medical Board of Examiners was taken up and a vote of thanks was made to the members of the Board for their zealous and faithful services. Dr. C. T. Murphy, who is a useful member of the Legislature, as well as of the Society, gave an interesting account of the proposition made in the Legislature to abolish this most excellent Institution. A Committee was appointed to seek a conference with the Legislature on the subject of the Board and to ask for a change in the time of the meeting of the same. When the facts in regard to the workings and necessity for this Board are properly brought out, there will hardly be found a half dozen respectable men in the State to advocate its abolition, or to turn it over into the hands of any political party. Let it remain, and let it remain, too, in the hands of the Society that originated and directs it.

The Board met at Raleigh early in May according to law, and then adjourned over to meet with the Society at Salisbury. Frequent sessions were held and an unusual number of young physicians presented themselves for examination. We are glad also to know that a much higher degree of qualifications than usual was exhibited by the applicants. Why so many practitioners, however, should decline to come before this Medical Tribunal of the State in the plain face of a righteous law no medical man can collect his fees by law, who has commenced practice since the Board was established, passes our comprehension. There is no sectional feeling or cliqueism either in the Board or in the Society. No political prejudices or purposes enter into the motives or action of either. The Examiners are every way competent, and command the highest confidence of the Profession and the public, and this law of medical examination is one that is just, reasonable, and demanded by every consideration of regard for the health and lives of all the citizens of the State. The times are hard we know, and money scarce, but young men who can command time and money sufficient to obtain a diploma from a Medical College, which in nine cases out of ten is no test of moral or professional qualifications, surely can afford to avail themselves of the annual opportunity presented of having their claims to practice tested by a tribunal in our own State, that both the Medical Profession and law-making authorities of North Carolina deem just, reasonable, and even indispensable. Even the most eminent Professors of these very Medical Colleges, where diplomas are so often unworthily bestowed upon ignorant medical students, approve of this Board, and advise their graduates from this State to go before it. The Board commands the highest confidence of the Profession without as well as within the State, and it is high time that our medical men who are practising without its authority should bear more seriously in mind the injustice they are doing themselves, their profession, the public and the law.

A committee was appointed to issue an address to the Profession of the State in behalf of the objects of the Board and of the Society. This committee were instructed to appeal to the profession to arouse themselves to the great work of medical improvement, and of medical organization. The State Medical Society stands with open arms to invite co-operation from all honorable and regular physicians, and appeals for the cordial support of the Profession in every county of the State, in each one of which auxiliary medical societies should be established and sustained in wholesome work and useful progress.

A committee was also appointed to ask the Legislature for the passage of a law to secure a faithful registration of the marriages, births and deaths in the State. The importance of such a law is too evident to need argument. The lawyer as well as the physician, the legislator as well as the historian, the philanthropist as well as the patriot, devoted to the material improvement of North Carolina, and who wishes to hold her up to the immigrant as she is, the healthiest State in the Union, are all well-wishers, it is hoped, of this wise measure.

The Society asserted the right of the Profession to claim compensation when their opinions are invoked in medico legal questions. Physicians are constantly being taken from their practice to the court room to give in evidence in cases of medical jurisprudence and other matters of a medico-legal nature, and compensation for their professional services in these important, often vital, questions is not allowed them. The Society takes the position that no physician is bound to give his medical opinion, unless paid for it by law or the parties at issue, even at the risk of being sent to the jail for refusing until payment is secured.

A committee was appointed to report at the next meeting upon the whole subject of medical experts and their fees.

Thus did the Society meet and transacted much important business. Much was done that will redound to the usefulness of the Profession and the good of the whole community. As a means alone of social improvement to a profession whose members are too seldom together these annual communions are worth the sacrifice made by all who attend. Let them go on and gather strength and influence with each revolving year. And let the next meeting, to be held here in May next, be the largest, grandest, and most useful and pleasant of all.—*Wil. Journal.*

According to the usual custom, the Convention then adjourned for the celebration of divine services.

Divine service was celebrated, the Rev. Messrs. Benton, Huske and Forbes officiating.

Rev. Jarvis Buxton delivered the opening sermon, selecting as his text the 51st Psalm, 18th verse: "Do good in thy good pleasure unto Zion: build thou the walls of Jerusalem."

At the close of the sermon, the Bishop, assisted by the Rev. Messrs. Mason, Forbes and Benton, administered the communion to those present.

The Convention was again called to order and proceeded to the election of a President.

SECOND DAY.

THURSDAY, May 20, 1869.

The Convention met pursuant to adjournment at 10 o'clock, and was opened with prayer by the President, Rev. R. S. Mason, D. D.

The Secretary called the roll, and the following clergymen and lay delegates that were not present yesterday responded to their names:

Rev. R. E. Terry, J. G. Martin, J. C. Winder, R. T. Fulghum, J. W. Albertson, W. N. Ward, R. H. Smith, L. Harris, M. Weddell, J. H. Bowditch, J. G. Burr, S. L. Fremont, H. H. Robinson, John Wilkes, J. S. Myers, S. F. Patterson, Thos. Buffin, Thos. Walton, E. J. Harding and W. H. Harding.

The minutes of the proceedings of yesterday were read and approved.

The Rev. Mr. Hilliard offered the following resolution:

Resolved, That visiting clergymen from other Dioceses, and clergymen residents of this Diocese, but not canonically entitled to seats in this Convention, and candidates for Holy Orders, be invited to take honorary seats in this convention.

On motion the resolution was unanimously adopted.

On motion of Mr. DeRossett the certificates of election from the Parishes of St. Paul's, Craven county, St. Mary's, Kinston, and St. James', Kittrell's Springs, were referred to the Committee on Elections.

The Rev. Mr. Tillinghast moved that the Convention adjourn until after Divine Service. Carried.

Divine services was then celebrated, the Rev. Messrs. Murphy and Hilliard reading and the Rev. R. W. Barbee delivering the sermon, taking his text from Ephesians, chapter V, verses 15 and 16: "See, then, that ye walk circumspectly, not as fools, but as wise, redeeming the time, because the days are evil.

At the conclusion of the service the Bishop assumed the chair and called the Convention to order.

The Bishop then delivered his address, giving a statement of his labors in the Diocese during the past Conventional year, and showing generally the workings and condition of the various Parishes.

In regard to ritualism, the Bishop says: "The Pastoral letter of the House of Bishops of the late General Convention, expressed a judgment on the subject of certain Ritualistic practices, from which judgment there was no dissent avowed among themselves. Fully concurring in the views then set forth and the matter assuming almost every day increasing magnitude and importance, I feel it to be my duty to present to you the conclusions to which I have been led by repeated observations of Ritualistic services and a good deal of anxious reflection thereupon.

Ritualism, like most other general terms, is vague, and may be taken in different senses. There are those no doubt who would consider reverence for the house of God and solemnity and dignity in its worship as savoring Ritualism.

To me and to you, however, these things seem to flow necessarily from deep and enlightened religious feelings and to conduce very much, at the same time, towards giving greater strength and intensity to such a feeling. So far from censuring them, I can gladly encourage. Zeal for God's house—such as our Saviour exhibited, zeal, such as would lead us willingly to labor and to give in order that that house might be beautiful, if we could not make it grand and majestic. It is, I believe, a sin against God as well as a shame to us as Christians, when the house which we have dedicated to Him, is permitted to fall into neglect and decay. It is likewise a mark of pious feeling that we should decorate that house with such ornaments as are appropriate to it and sanctioned by rightful authority. It is right that the services there performed, should, as far as possible, be frequent and always orderly and reverential. It is right that the music heard there, though grave and solemn, should be in the highest measure that we can attain, harmonious and impressive, may if possible rise even to majesty and grandeur.

None of these things seem calculated to hinder the work of God in the soul of man, but rather to aid it.

But these are the things which are generally meant when ritualism is spoken of.—That work is usually understood to indicate the introduction of usages symbolizing doctrines which the Church, since the reformation, has held to be erroneous and strange, or usages which, at the best, have been rejected by her and thereby become obsolete. In the former are to be reckoned such usages as prostrations or genuflexions before the consecrated elements in the Lord's Supper, the receiving of those elements from the Priest in the mouth rather than in the hand, auricular confession—which if not a part of Ritualism, is at least associated with it—Sacraments celebrated in behalf of the dead as well as the living, and acts and services of the like nature. In the second class are the use of incense and candles on the altar for purposes other than that of light, and gorgeous vestments set aside by the Church of England for three centuries and never known among us until recently.

The introduction of usages of this sort by an individual minister or particular congregation indicates disrespect, if not disloyalty to the church, and, if persisted in, will necessitate coercive legislation—in itself an evil, but less intolerable than the evil which it seeks to check; for practices of the sort to which I have referred, accompanied even by disrespect for the authority of the Church deepen that disrespect, prepare men for apostacy from it, breed discord within its own pale, engender suspicion and aversion to it in those beyond its pale, tend ultimately to skepticism and irreligion, and so these in many ways hinder the progress of that Gospel which it is the mission of the Church to convey everywhere and to all men.

We may be very thankful that these evils have prevailed very little, if at all, amongst us. It is one of the compensations which God gives us for our impoverished country and suffering people, that we are thereby the less tempted to errors and extravagances of this kind. They are found chiefly in great cities where wealth and idleness produce a pruriency of feeling and taste, demanding to be gratified with novelties and craving for highly spiced seasonings, not only in men's feasts, but also in their amusements and even in their religion. As with the Israelites in the wilderness, it loathes the manna which came down from Heaven and cries out for the flesh pots of Egypt. Religion, such as is taught in the gospel held by the Primitive Church, maintained in the Church of England and our own—a religion which does not neglect the beautiful, but aims mainly at the true—which provides for the gratification of the eye and the ear, but addresses itself especially to the soul. Such a religion appears to persons possessed by the feelings I have been describing, flat and insipid.

They crave something more sensuous, more ornate, more exciting and they find it in Ritualism, such as I myself have seen in England, and understand that it may be seen in certain places in this country. I trust it may never be known to churchmen in this Diocese, except by report, and not long by report. It cannot be questioned that the weighty interests entrusted to us, the clergymen and laity of this Diocese, have already suffered injury by Ritualistic excesses elsewhere. We must beware of increasing the evil by making innovations which may disturb and unsettle the minds of our people.

No individual clergyman has a right, for his own gratification, or that part of his congregation, to change the established worship of the Church, without the consent of his Diocesan, and against the wishes of another part of the congregation.

We have a great work to do in this extensive and growing commonwealth. We have, as far as in us lies, to bring to the obedience of Faith, and to keep in that obedience, two races of men, some of whom are ignorant of the Faith, and some prejudiced against it. We are engaged in building the walls of our spiritual Zion in troublous times. Shall we leave our great work and come down to employ ourselves in willworship and shows and spectacles, which so far have not profited them that have been exercised therein?

The Church in this country has a mighty work to do; with great resources, great encouragements, and *immense difficulties*. It has to do its part in shaping for good the destinies of the most powerful Nation existing, or which ever has existed on Earth, to promote the temporal and spiritual welfare of a population, the most active, the most intelligent, and the most regardless of authority known among men. It has to encounter religious indifference and every form of religious error; Infidelity which is instructed, thoughtful, proud, boastful and aggressive; an Immorality, which is increasing in every class and grade of society, staining some of the highest officials in the land with bribery and peculations and descending to the pettiest shopkeeper who sells adulterated wares by false weight and measures; an Immorality which causes bloodshed and murders to multiply day by day and generally to go unpunished; an Immorality which is dissolving the most sacred ties of Family life and of society, under a vitiated public sentiment which is already finding expression in Anti-Christian laws on the subject of Marriage and Divorce.

When these cruel cancers are eating into the very vitals of society are they to be cured by directions as to the color and shape of the vestments of the Priests are to wear, or as to the height of an altar, or the precise moment at which they are to be lighted? Surely it is not such aid, or such defenders, that the time needs. It needs the Grace and Truth brought into the world by Jesus Christ our Lord; Grace for which He has provided means and channels in His Church; Truth held in the first Ages, re-affirmed at the Reformation, incorporated into our Creeds, and Liturgy and establish Ritual, and which has already done so much to bless mankind in all ages, and which has been so especially fruitful in good, in England, in this country, and whatever the Bible and the Prayer Book have gone together."

On motion of the Rev. Mr. Forbes, the Bishop's address was referred to the Committee on the State of the Church.

The same moved that that part of the address bearing on convocations be referred to a special committee of three. Carried.

The Bishop appointed as said committee the following gentlemen:

Rev. Mr. Forbes, Rev. Mr. Hilliard and Mr. Hughes.

The Rev. Mr. Sutton, from the committee on Elections, submitted a report containing the following resolution:

Resolved, That St. Paul's Church, Craven county, St. Mary's Kinston, and St. James', Kittrells Springs, be reinstated in their former position as Parishes entitled to representation in Convention, and that their delegates be admitted.

On motion the resolution was adopted.

The Rev. Mr. Buxton moved that the portion of the Bishop's address referring to the Associated Mission and Theological Seminary at Asheville, be referred to a special committee of three. Carried.

The Bishop appointed as said committee the Rev. Mr. Buxton, Mr. Bronson and S. F. Patterson.

Mr. Wilkes, the Treasurer of the Convention submitted a report, which was on motion, referred to the Committee on Finance.

Mr. Fremont, from the Committee appointed to raise a permanent fund for the support of the Episcopate of this Diocese, reported the matter impracticable at present, recommending the appointment of a standing committee to be known as the "Episcopal Fund Committee," and offered an amendment to Canon 22, to accomplish that purpose.

On motion of Mr. Battle, an election for members of the Executive Missionary Committee was held and resulted in the selection of the Rev. Mr. Huske, Rev. Mr. Watson A. J. DeRossett, Robert Strange and S. L. Fremont.

The Bishop announced the Committee on Unfinished Business to consist of the following gentlemen, to-wit: Rev. Mr. Marshal, J. J. Martain and R. H. Smith.

On motion of Mr. DeRossett, the Convention adjourned until 5 o'clock.

AFTERNOON SESSION.

The Rev. Mr. Benton, Rev. Mr. Cheshire, Rev. Mr. Marshall, W. R. Cox G. V. Strong were elected a church building committee.

Mr. Hilliard moved that the next annual meeting of the Convention be held in St. Paul's Church in Elkenton on the first Thursday in May 1870. The motion was made a special order for to-morrow at 10 o'clock.

The Rev. Mr. Bronson offered the following resolution:

Resolved, That a committee of five—consisting of three clergymen and two laymen—be appointed by the Bishop for the purpose of taking into consideration the subject of a division of the Diocese, to report to the next Convention.

The resolution was made a special order for to morrow morning at 10 o'clock.

The Rev. A. Smedes, from the Committee on Canons, reported unfavorably upon the proposed amendment to Canon 42, in regard to raising a permanent standing committee to be known as the Episcopal Fund Committee.

The Rev. Mr. Hilliard moved that the report be concurred in.

After some debate the motion was carried.

The Rev. Tillinghast offered the following resolution:

Resolved, That in lieu of the annual missionary sermon a missionary meeting, with addresses on topics previously assigned by the Bishop, be hereafter substituted.

Pending definite action,

The Rev. Mr. Barber, a teller previously appointed to supervise the election of the Education Committee, reported the election of Rev. Mr. Patterson, and Messrs. S. J. Pearson and A. H. Van Bokelen.

The Convention adjourned until to-morrow morning at 9 o'clock.

THIRD DAY.

FRIDAY, May 21, 1869.

The Convention re assembled at 9 o'clock, and was opened with prayer by the Bishop.

The Secretary called the roll and the following gentlemen answered to their names who were not present yesterday:

Messrs. Cox, Brown, Joyner, Capehart Ramsey, Thomas and Piemont.

The minutes of the proceedings of yesterday were read and approved.

REPORTS OF COMMITTEES.

The Rev. Mr. Murphy, from the Committee on new Parishes, submitted a report accompanied by a resolution admitting the newly organized Parish of St. Georges', Hyde County, into membership with the Convention.

Mr. Smith, from the Committee on Unfinished Business, reported, that upon examination of the Journal of the last Convention, they find but one subject which claims attention at this session of the Convention, viz:

Page 50, section 4 of the 3rd. article of the Constitution be amended by striking out the words "baptized persons of good moral standing," and inserting in their place the word "communicants."

The Rev. Mr. Hilliard, from the special Committee to whom was referred that portion of the Bishops address bearing on convocations, submitted a report recommending the adoption of the following Resolutions:

Resolved, That the Committee appointed by the Convention of 1867, to arrange a system of convocations, be discharged from the consideration of that subject.

Resolved, That the Bishop be, and he is hereby, requested to call meetings of the clergy and laity, within such limits as he may see fit in each case, for the purpose of organizing eight convocations to be called the convocations of Wilmington, of Newbern of Washington, of Edenton, of Raleigh, of Morganton and of Ashville; *Provided*, That any Convocation now existing may be recognized as already organized.

Resolved, That the Bishop be, and he is hereby requested, to delegate to the aforesaid convocations, or their presiding officers, such powers as in consistency with the Constitution and Canons of the Church, he may see fit to give them.

Resolved, That while the authority thus conferred, shall extend over all clergymen who shall become members of any convocations and all Parishes represented therein; no clergyman or Parish shall be obliged, except by their own free choice, to join any convention.

Resolved, That the officers of the convocations shall be elected by the convocations themselves.

On motion of Mr. Hilliard the report was made special order for this afternoon at 5 o'clock.

The same submitted another report from the Committee on Itinerant Missions, appointed during the last Convention, which was on motion included in the special order mentioned above.

The Rev. Dr. Mason from the Standing Committee on the Diocese of North Carolina, submitted a lengthy report, when,

The special order was announced—being the motion of Rev. Mr. Hilliard, made yesterday, fixing the place of meeting of the next Annual Convention at Edenton.

The motion was unanimously adopted.

The time for the meeting of the Convention was fixed on the first Thursday in May next.

The next special order being the resolution introduced by the Rev. Mr. Bronson yesterday, it was considered, as follows:

Resolved, That a committee of five—consisting of three clergymen and two laymen—be appointed by the Bishop for the purpose of taking into consideration the subject of a division of the Diocese, to report to the next Convention.

The Rev. Mr. Bronson spoke in support of his resolution. He hoped, as there was a general concurrence of opinion in regard to dividing the Diocese, that the Convention would take the initiatory step pointed out in the resolution.

Mr. Ruffin opposed the resolution at present, but favored the idea of dividing the Diocese whenever it could be done.

The Committee raised to procure funds for the support of the Bishop we have now, had reported that all efforts to raise such a fund had failed signally. In the present impoverished condition of our people the Bishop could not be properly supported in a manner suitable to the dignity of the office.—Therefore, he opposed the proposition. Besides, this proposed division would throw this Diocese upon the charity, as it were, of the General Convention, and he was not exactly prepared for that yet. He would prefer to stay as they were, and trust that the future might bring the means of carrying out this proposed plan. He doubted the right of the General Convention to send Missionary Bishops into a regularly established Diocese. He did not like the idea of remaining under such tutelage, and if the people were now as he used to know them, it would be against all their feelings of pride and self respect.

The Rev. Mr. Tillinghast, Mr. W. H. Battle, Mr. Piemont, and others, discussed the subject at length, and took ground in favor of the resolution.

Mr. DeRossett, could see no objection to taking the preliminary step asked in the resolution. It only asked that a committee be raised to make the proper inquiries, and to report the action necessary for the Convention to take in the matter. When such report was made then would be the proper time to debate the *pros* and *cons* of the matter; the present discussions, in his opinion, was premature.

Mr. R. H. Smith offered the following amendment, which the Rev. Mr. Bronson accepted:

"Strike out in the resolution, the words "divisions of the Diocese" and insert the words "increased Episcopal Services in the State." So the resolution reads as follows:

Resolved, That a Committee of five, composed of three clergymen and two laymen, be appointed by the Bishop for the purpose of taking into consideration the subject of increased Episcopal services in the State—to report to the next Convention.

After an extended debate the resolution as amended was adopted.

On motion of the Rev. Mr. Tillinghast, the proposed amendment to section 4 of the 3d article of the Constitution was made the special order for to-morrow morning at 10 o'clock.

The Rev. Mr. Huske submitted a report from the Committee on Finance.

The Bishop read a communication from W. J. Palmer, E-q., inviting the Convention to visit the Deaf and the Blind Institution.

An invitation was extended to the Convention and visitors generally to visit St. Mary's Institute this evening.

On motion of Mr. Smith, the Convention adjourned until half-past 4 o'clock, P. M.

AFTERNOON SESSION.

The Convention was called to order by the Bishop at half past 4 o'clock.

Mr. Hilliard offered the following resolution:

Resolved, That the thanks of the Convention are hereby tendered to Mr. W. J. Palmer, Principal of the Institution for the Deaf and Dumb and the Blind for his courteous invitation to visit the Institution for the Deaf and Dumb and the Blind, in this city, and that 5 o'clock to morrow afternoon be fixed as the time when the Convention will visit that institution, unless prevented by the pressure of business.

The resolution was unanimously adopted.

The hour of 5 o'clock having arrived, the Rev. M. Hilliard called for the special order, it being the series of resolutions submitted in the report of the special committee to whom was referred that portion of the Bishop's address being on convocations.

Mr. Hilliard read the series and moved the adoption of the first one. (The resolutions appear in the report of this morning's proceedings.)

After some debate the motion was carried.

The second resolution, naming the eight different convocations, was adopted.

After considerable debate, the further consideration of the matter was postponed until to-morrow morning and made the special order for 12 o'clock.

The Rev. Mr. Terry submitted a report from the Committee on Education.

Leaves of absence were granted to the Rev. Mr. Terry, Rev. Mr. Sutton, Mr. Denson, Mr. Albertson, Messrs. Bond, Cox and W. H. Smith.

On motion of the Rev. Jno. Tillinghast the Convention adjourned until to-morrow at 10 o'clock.—*Standard*.

[Reported expressly for the Sentinel.]

FOURTH DAY.

SATURDAY, May 22, 1869.

Pursuant to adjournment, the Convention met at 9 o'clock, and was opened with prayer by the Rev. Dr. R. S. Mason, the President officiating.

On motion of Mr. W. H. Battle, the calling of the roll was dispensed with.

The proceedings of yesterday were read and approved.

On motion of Rev. Mr. Tillinghast, his resolution substituting a Missionary meeting during the session of the Convention, in lieu of the usual Missionary sermon, was taken up and laid on the table.

UNFINISHED BUSINESS.

Being the report of the Committee, on Itinerant Missions, was taken up and, on motion, postponed until 12 o'clock.

The special order was next considered, being the amendment striking out in the 3d article, section 4th of the Constitution, the words "baptized persons of good moral character," and insert, in lieu thereof, the word "communicants."

The section reads as follows as it now stands: Each regularly organized Parish in union with this Convention shall be entitled to be represented at its sessions, by one or more delegates, not exceeding four, to be drawn by the Vestry from among the baptized persons of good moral standing in said Parsh, &c.

The Rev. Mr. Tillinghast made a somewhat elaborate argument in favor of the amendent. He thought that under the present provisions of the section, that persons of doubtful or even disrespectable character might have a voice in the deliberations of the Convention. He thought that only persons in actual communion, and in all respects identified with the interests of the church should have a voice in its legislation.

Rev. Dr. Mott replied, stating that while he agreed in many respects in what had been said, but he deemed the amendment impracticable in its operations, &c. Mr. M. continued, and urged the other objections to the amendment, when

Mr. Batcheler moved to lay the whole matter on the table.

Mr. DeRossett seconded the motion.

A vote by order being taken, resulted in the following vote by the clergy:

YEAS.—Messrs. R. W. Barber, Buxton, Bland, Cheshire, Curtis Forbes, Haughton, Hilton, Mott, Patterson, Vaughn, G. B. Wetmore—yeas 13.

NAYS.—Messrs. Bronson, Gee, Harding, Hilliard, Hughes, Marshall, Mason, Murphy, Skinner, Tillinghast—nays 10.

The laity voted as follows: Affermative, Trinity Church, Beaufort county; Chapel of the Cross, Chapel Hill; St. Mathews, Hillsboro; St. Pauls, Louisburg; St. Stephens, Oxford; Christ Church, Raleigh; St. James, Wilmington.

Negative, Trinity Church, Asheville; St. Pauls Church, Beaufort; St. Johns, Fayetteville; Grace Church, Morganton; S. N. Andrews, Rowan county; St. Luke, Salisbury; Trinity Church, Scotland Neck; St. Thomas, Windsor and Grace Church, Woodville Bertie county.

The discussion was then resumed upon the amendment, and took a wide range.

Mr. DeRossett took strong ground against the amendment.

Mr. R. H. Smith and the Rev. Mr. Tillinghast supported the amendment, in extended remarks.

Messrs. Batchelor and Hughes each approved the proposition, and replied to the positions assumed by Messrs. Smith and Tillinghast.

Rev. Mr. Hilliard said that he did not wish to participate in the discussion. He preferred that it should be discussed by the laity. Had not an appeal been made for an expression of the opinion of the clergy, he would have been but a listner, but felt it to be his duty, under the call, to express his sentiments. He thought that a great evil resulted from the present rule, by the tendency it had to render the members of the Parishes and Congregations indifferent as to the great importance of being communicants in the Church. It was the duty of the clergy to bring the baptized members of the Church to the Communion, as well as to influence the communicants to a strict performance of their duty. Mr. H. spoke at some length in favor of the amendment.

Mr. W. H. Battle, opposed the amendment. He said owing to the condition of his health he could not make many remarks upon the subject, but he thought he could show in a few words that the adoption of the amendment would be grossly unjust to many of the Parishes of the Diocese. A Parish may be organized under the 9th article, constituted by ten or more members, not one of whom is required to be a communicant, and then it may be admitted into the Union with the Convention. Every Parish in union with the Convention is entitled to be represented in it, and whether represented or not is bound by its action.—And here is a proposition that may deny them representation and, yet hold them bound by the action of the Convention.

Mr. B. gave other illustrations tending to show that the amendment ought not to be adopted.

Mr. Ruffin also approved the amendment, and went into the history of the whole matter from the beginning, showing how the matter had heretofore been settled, by what he deemed a just compromise.

The discussion was continued to some length. Messrs. DeRossett, Dr. Mott, Mr. Wilkes and Dr. Mason—the latter making quite a lengthy forcible argument in favor of the amendment, after which the Bishop expressed his views on the subject, and favored the adoption of the amendment.—The was then taken, and the proposition was lost by one vote.

The Standing Committee were voted for, but the teller had not reported up to adjournment.

Messrs. Bronson, Cheshier, Buxton, I. G. Martin and R. H. Smith were announced as the Committee on Devision of the Diocese.

Mr. DeRossett from Committee on qualification of voters, reported recommending no change. Adopted.

Rev. Mr. Hilliard from Committee on the portion of the Bishops address, relative to Convocations, reported a resolution approving the same. Report concurred in.

Rev. Mr. Buxton from Committee on Associated Missions and Theological Seminary at Asheville made a report, with resolutions looking to the fosting care of the same, which were adopted.

A communication was read from J. B. Neathery & Co., proposing to publish in pamphlet form gratuously, the proceedings of the Convention, and to have them copied from the Journal, under the supervision of the Secretary.

A resolution accepting the proposition and returning the thanks of the Convention for the kind offer, was introduced, before the vote was taken there on the Convention adjourned untill 4 o'clock.

J. M. BLAIR, of the Yarborough House, drew the piano, at the drawing at Tucker Hall, in this city to day, valued at $650.—Good for Blair.

THE SENTINEL.

SATURDAY, MAY 22, 1869.

CONVENTION.

Our regret was only equaled by our surprise to learn that in our absence the *Sentinel*, had failed to publish the proceedings of the Protestant Episcopal Convention now in session in the City. To the exclusion of much other matter we publish today the proceedings of this body. Our reporter henceforth will be on hand to give us the proceedings from day to day.

On our first page will be found the proceedings of the Medical Convention, which recently met in Salisbury. It is refreshing to witness the efforts made, and now making by the gentlemen of the medical fraternity, to maintain the dignity and character of their profession, and to save it from that degradation and disgrace which has come so fast and heavy upon the profession of the law. Yes we say it with sorrow, upon the profession of the law. Chicken Stephens, Senator from Caswell, friend of the Governor and convicted of chicken stealing in Rockingham, has recently obtained licence or a permit from Judge Tourgee and the Sheriff to practice law.

DUPLIN COURT.

We made our first visit to Duplin this week, it being Court week. Judge Russell presiding and Col. John A. Richerson, the Solicitor, prosecuting. We heard the bar speak kindly of the Judge, and the impartiality and justice with which he administered the law. As the bar speak so will the people of the Judge.

The bar of Duplin is, for the most part, "young America," very few elderly gentlemen among them. The resident lawyers are Col. Wm. Allen, John N. Stallins, J. D. Stanford, W. W. Whitehead and H. R. Kornegay. The non-resident in attendance were Col. A. A. McCoy and Mr. Stewart, of Sampson, Col. Duvan, Mr. William Wright and Mr. Murphy, of Wilmington, Mr. Isler and Mr. Merrley, of Waye, and Col. Thos. Kenan, of Wilson.

The town of Kenansville, like our good town of Hillsboro', holds its own without much change except that which the hand of time slowly but surely makes.

The merchants of Kenansville are Messrs. Isaac B. Kelly, David Grimes, McArthur and Sutherland and James Kenan.

Duplin sent one of her best men to the Legislature, in the person of Isaac Kelly, but Judge Read, by a trick, worthy only of Holden, required him to stand aside when the House was being organized, and thus were the people of Duplin cheated out of their chosen Representative, by the Judge, an "ex-Confederate Senator, rebel and *traitor*," who now, with "*loyal* Holden," crys out for treason to be made odious.

The Hotel is well kept by Mr. McArthur. Among the men who are counted sterling not only in Duplin but in North Carolina, we saw Col. Owen R. Kenan, whose merits are equaled only by his modesty. J. D Dickson, who has been so often honored by the people of his county in the Conventions and Legislatures of the State, appeared in good health and seemed hopeful of a better time coming. Dicksons and Kenans have played an important part in the history of Duplin, from its earliest days. In the Clerk's office can be found the oath of allegiance and abjuration signed by twenty-five persons, among them Michael Kenan, James Kenan and William Dickson. In 1797, they swore "solemnly and sincerely to be faithful and bear true allegiance to the State of North Carolina, and to obey the powers and authorities which are or may be established for the government thereof." The old Kenans and Dicksons made their oaths good with their blood in a seven years struggle.—They and their children have borne true allegiance to the State of North Carolina from that day to the present. Their fidelity and love for the State has cost them dearly and yet they love her still.

TRUCK FARMS.

Truck farms are both fashionable and profitable in Duplin. In all directions we saw peas, snaps, strawberries and potatoes, by the acre.

Magnolia is the great shipping point of the county. This is a thrifty place, where much business is done. Fifty barrels of green peas were shipped while we stood at the depot. Forty had been shipped the train before.

The cold weather had been greatly against a good stand of cotton as well as the truck farms.

In many places the cotton had been killed, in others the seed had rotted in the ground. The unfavorable spring seemed as depressing upon the people as reconstruction itself.

The merchants of Magnolia are Messrs. Merryman & Newberry, W. T. Harreford, and J. K. Houston.

HOTELS.

The hotel is kept by a widow lady, Mrs. Middleton, who gave us an excellent supper and breakfast.

SCHOOLS

Before General Estes came to Magnolia with Kilpatrick, that place could boast of fine flourishing schools. Even now Mr. Judson Carrol has a good school, which promises to rival the schools before the coming of Estes, and Butler, the brute.

J. M. Hartwell is the jeweler.

W. J. Cornwall is the coach-maker.

H. Sawyer is the cabinet-maker, and besides supplying the neighborhood, sends much of his work to Goldsboro' and Wilmington.

Joseph H. Pitman is the well-known blacksmith of Magnolia. One who knew him well was heard to say, "he would shoe them horses for the loyal."

One of Holden's rebel converts, a "loyal" member of the Legislature—when a company of Federal cavalry were ordered to the mountains, from his village, where they had been quartered, was heard to say as they left town—"I wish their horses were shod with lightning, and the dust of the road was powder and flint rocks. I would give them reconstruction." This is Holden loyalty and love of the flag.

GOLDSBORO'.

Vegetation is a week earlier in Duplin than in Goldsboro. The Wayne people keep up, however, with Duplin, both in trucking and producing cotton.

Harrod P. Dortch, son of Hon. Lewis T. Dortch, is one of the energetic young farmers of Wayne. The day we passed Goldsboro Mr. Dortch shipped 1200 quarts of strawberries, and the day before 900 quarts. A gentleman from Goldsboro', whose name we have forgotten, on the 22d of April shipped 54 quarts of strawberries, which netted him $2 50 per quart.

Messrs. Cannon & Hogg near Portsmouth, are said to have realized $600 per acre from strawberries.

Our truck farmers fear that Illinois will interfere in their truck business by selling strawberries at 10 cents per quart in New York market. Duplin and Wayne can always command the high prices for their seasons are all of six weeks ahead of Illinois.

Strawberries grow spontaneous on every farm in Orange. Five cents a quart is the market in Orange. We heard of some selling at three cents. Can't the Governor send up his Chief of Detective force and see who buys strawberries at such ruinous prices to the person who gathers them. We know his detectives have been engaged in business which is about as much concern to the Governor as the price of strawberries.

THERE ARE a large number of prominent Carolinians now in the City. We saw today Gen. Clingman at the Yarboro. Our gallant and gifted young lawyer, Col. Walter M. Clarke, of Halifax, called at our office. In all the State there is no man of his age of more promise.

REPLANT YOUR COTTON.

At the store of W. H. Jones & Co., can be found the useful implement for replanting cotton, spoken of by our friends Thigpen & Dancy. Those who have examined, think and speak well of it.

TARBORO, N. C., May 21, 1869.

HON. JOSIAH TURNER, RALEIGH, N. C:

Dear Sir:—Seeing that you do not overlook the farming interest in your useful journal, we send you a cotton seed opener for replanting by hand, missing cotton which we have found very useful. We ask you to call attention to it and let any one take the dimensions, so they may make as many as they choose. Of course we make no charge for this simple but very useful implement. Our object being to put before the planting community a much needed article at this time for the public good.

Very truly yours,

THIGPEN & DANCY.

Kingsbury will act as the Solicitor of this Company, in the two States, under the direction of the General Agent, W. H. Crow, Esq., of this city. We hope Mr. Kingsbury will find this new field alike pleasant and profitable. He has decided energy and will doubtless prove an efficient Agent.

MR. MOTLEY'S INSTRUCTIONS.—There is good authority for saying that the Washington dispatches to some of the morning papers alleging that Mr. Motley has received instructions to re-open negotiations on the Alabama claims on the basis of Mr. Sumner's speech are wholly incorrect. Neither the President nor Secretary Fish, in their instructions have deemed it necessary to make any reference to that speech whatsoever. On the contrary, if all the facts were known, it might possibly appear that, so far from Mr. Sumner's sentiments being in accordance with the views of the Administration, they have been to it the occasion of much annoyance and embarrassment. This is perfectly reliable. Many prominent citizens called on Mr. Motley in the course of the day to pay their respects.—*New York Letter to the Philadelphia Ledger*, 18th.

Judge Lewis Dent, the President's brother in-law, will assist in the campaign.

The President has assigned the following officers to Southern Indian Superintendencies:

Douglass, the negro printer employed by Clapp, applied to Simon Wolf, Register of Deeds, for a clerkship, saying, in consequence of combinations entered into by Printers' Unions throughout the country he is unable to get employment as a printer. Simon Wolf responds favorably to Douglass' application, concluding thus: "I am particularly happy in being the means of encouraging you, for as a descendant of a race equally maligned and prejudged, I have a common cause, and who can foresee but what the stone the builders reject may become the head stone of our political and social structure."

President Grant proclaims that the eight hour law involves no reduction of daily compensation.

LIFE INSURANCE COMPANY,

JANUARY 1ST., 1869.

Assets $10,462,531,75.

Amount of Income 6,227,071.

SURPLUS OVER LIABILITIES 2,875,999,45.

THE Ætna is the LEADING LIFE INSURANCE COMPANY in North Carolina.

Largest amount of Losses to Widows and Orphans!

The Largest Revenue to the States. And has by far the largest number when compared with 58 Companies reported officially by the Commissioners of New York and Massachusetts it will be seen that the Ætna ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of Policies in force, but one among all those incorporated under the laws of the State of New York had so small a per centage of Expense to Income during the year 1868.

Its expenses are lower than most Companies', and consequently its ability to make and pay liberal dividends to the insured is greater than that of most other Companies. It is one of the great Companies of the land in Income, in Assets, in Number of Policies, in Amount Insured, in solidity and Strength, in Soundness, Cheapness, Promptness, and Success. Persons contemplating this mode of investment in the future as in the past would do well to examine the claims of all and take a policy accordingly.

Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are of a truly marvellous character. Inveterate cases of Scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of anti-strumous virtues. Disorders of a scrofulous type, and affections which are merely aggravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and in the full strength of conscious or fancied security, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the *Sarsaparilla* as a preventive, advisable.

It is a mistake to suppose that so long as no eruptions or humors appear, there must be no scrofulous taint. These forms of derangement may never occur, and yet the vital forces of the body be so reduced by its subtle agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, foul air, licentious habits, unhealthiness, and the depressing vices generally, produce it. Weakly constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, whose torpid blood swells the veins with an apparently exuberant vitality, are often contaminated, and on the road to its consequences. Indeed, no class or condition can depend on immunity from it, nor feel in security to the importance of an effectual remedy.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be preserved by taking the *AGUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

THE OLD CATHEDRAL ORGANIST.

'Tis forty years ago since first
I climbed these dusty, winding stairs
To play the Dean in; how I spurned
Beneath my feet all meaner cares,
When first I leant, my cheek on fire,
And looked down listening at the choir.

Handel, and Haydn, and Mozart—
I thought they watched me as I played;
While Palestrina's stern, and face
Seemed in the twilight to upbraid;
Pale fingers moved upon the keys—
The ghost-hands of past centuries.

Behind my oaken battlement
Above the door I used to lean,
And watch, in puffing crimson hood,
Come stately sailing in the Dean;
On this, the organ, breathing low,
Began to murmur soft and slow.

I used to shut my eyes and hear
The solemn prophecy and psalm
Rise up like incense, and I loved
Before the prayer the lull and calm,
Till the stream that bursts its banks,
Broke forth brave Purcell's "O give Thanks.

I knew those thirteen hundred pipes
And thirty stops, as blind men do
The voices of the friends they love,
The bird's song, and the thunder too;
And the fierce diapason's roar,
Like storms upon a rocky shore.

And now to-day I yield me up
The dusky seat, my old loved throne,
Unto another; and no more
Shall come here in the dusk alone,
Or in the early matin hour,
To hear my old friend's voice of power.

And yet me thinks that centuries hence,
Lying beneath the chancel floor,
In that dark nook I shall delight
To hear the anthem's swell once more,
And to myself shall quietly smile
When music floods the vaulted aisle.

Or, mocking gravely at some hand
Less skilful than my own was once,
In my stone nest I'll lie, and mark
The blunders of the foolish dunce;
But to myself the secret keep,
And turn me round again to sleep.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA,

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his death, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which insures no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is undoubtedly able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers, and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so muddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but Actuaries, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he looks into the plan adopted by the

NATIONAL

LIFE INSURANCE COMPANY,

U. S. A.,

and finds just what he wants:

An ALL CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 3,582 policies.

Amount insured,	$10,005,550.00
Total Premiums,	350,117.69

The whole number issued by the Connecticut Mutual in the first year of its existence was 892

By the Mutual Benefit of New Jersey,	693
" New England Mutual,	343
" Phoenix Mutual,	335
" Massachusetts Mutual,	312
" Equitable of New York,	277

The Mutual Life, of New York, in the first year of its existence, only issued 470 policies.

In its 10th year,	1,269 "
And in its 20th year,	2,843 "

this latter being 690 *less* than was issued by the NATIONAL in its first seven months.

CAUTION! WE desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as then are the losers thereby. It will be found, upon comparison, that Lorillard's Snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

THE OLD RALEIGH & GASTON RAIL ROAD THE SHORTEST, QUICKEST, SAFEST AND BEST LINE, NORTH AND SOUTH, TO BE LEFT OUT IN THE COLD, UNLESS SHIPPERS SPECIALLY SAY VIA. R. & G. R. R.!

WE inaugurated and are the *Great through Inland Air Line Route* to all the Northern Markets, and have successfully worked the Line to the entire satisfaction of shippers, North and South, for the last ten years, as the ten Thousand shippers in North and South Carolina will testify. We paid the State near Seven Hundred Thousand Dollars for her interest in this Road—thereby saving the people from Taxation for all time to come, (*$100,000 per year*); and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the LOW PRICE of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest laces to the ten-blanket. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHERS, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the state.
